

Date of Training Event: _____

NATIONAL ALLIANCE CHILDREN'S TRUST & PREVENTION FUNDS

**Bringing the Protective Factors Framework to Life in Your Work –
Looking at Families Through a Different Lens**

The seven courses of *Bringing the Protective Factors Framework to Life in Your Work: Looking at Families Through a Different Lens* are being delivered by Alliance Certified Trainers across the United States and its territories. At the National Alliance of Children's Trust and Preventions Funds (Alliance) we are very interested to learn which audiences are finding this training useful. Gathering this information is very helpful to our member children's trust funds across the states to understand ways they can better collaborate with state and local partners to effectively prevent child abuse and neglect.

Please complete the brief survey below. It will facilitate us to more accurately communicate with states and localities about the child abuse prevention work in their geographic area and to have a better grasp about how these concepts are being adopted nationally. Thank you very much for sharing your information.

1. Which of the seven courses did you complete during the training event (check all that apply):

- Introduction to the Protective Factors Framework
- Parental Resilience
- Knowledge of Parenting and Child Development
- Concrete Support in Times of Need
- Social Connections
- Social and Emotional Competence of Children
