

“Thank you for one of the most memorable trips of my career. Keep up the good work.”

- Latitia McCane

“On numerous occasions I found myself emotional, mostly at the thought of those with the least to give, yet they gave their all in order to ensure others could have civil liberties and live in a country that was inclusive of all; even if they never had to opportunity to enjoy the same.

The trip has compelled me to do more to preserve these dreams and the future of humanity. I plan to start by providing this same tour for my church family in the spring.”

- Daryll McDonald

“Thank you again for taking us on the civil rights journey. The experience has been constantly on my mind. And, in addition to raising awareness, I hope it will continue to enlarge some very small, very modest, personal steps toward tangible action. There remain all too many opportunities for advocacy and action in this community.”

- Kristen Holmes

“I was a little skeptical about being on a bus tour with a lot of people, however, it was one of the most riveting experiences of my life. It gave me an opportunity to meet new people and get to know others better, while experiencing the history of Civil Rights up close and personal. This is a testament to all the tireless work you both did to put the tour together and to keep us on track”
